BIOStec 2024 will feature a wide range of scientific sessions, including keynote lectures, oral presentations, and poster presentations. The

conference will also include interactive workshops, panel discussions, and networking opportunities. Attendees will have the chance to connect with experts in the field, exchange ideas, and explore potential collaborations.

Conference Tracks

BIOS tec 2024 will cover a wide range of topics, including:

- Biotechnology
- Stem cell research
- Tissue engineering
- Biomaterials
- Biomedical engineering
- Regenerative medicine
- Nanobiotechnology
- Bioinformatics
- Systems biology
- Synthetic biology

Keynote Speakers

BIOS tec 2024 will feature a distinguished lineup of keynote speakers, including:

- **Dr. Juan Carlos Izpisua Belmonte**, Salk Institute for Biological Studies
- **Dr. Shinya Yamanaka**, Kyoto University, iPS Cell Research Institute

- **Dr. George Church**, Harvard Medical School
- **Dr. Jennifer Doudna**, University of California, Berkeley
- **Dr. Emmanuelle Charpentier**, Max Planck Institute for Infection Biology

Registration

Registration for BIOStec 2024 is now open. Attendees can register online at the conference website. Registration fees vary depending on the attendee's affiliation and registration type. Early bird discounts are available for those who register before a certain deadline.

Accommodation

BIOStec 2024 will be held at the Fira de Barcelona Gran Via. The conference venue is located in the heart of Barcelona, within easy reach of public transportation and a variety of hotels.

Attendees can book their hotel accommodations through the conference website. A list of recommended hotels is available on the website, along with information on special rates for conference attendees.

Travel

Barcelona is a major international destination, with direct flights from many cities around the world. Attendees can fly into Barcelona-El Prat Airport (BCN), which is located approximately 12 kilometers from the city center.

From the airport, attendees can take the Aerobus, a direct bus service that connects the airport to the city center. The Aerobus runs 24 hours a day, 7 days a week.

Visa Information

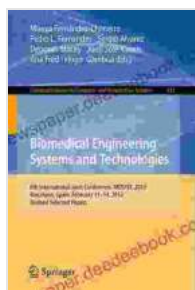

Attendees who require a visa to enter Spain should apply for one well in advance of their travel dates.

For more information on visa requirements, please visit the website of the Spanish Embassy or Consulate in your country.

The 6th International Joint Conference BIOStec 2024 is a must-attend event for anyone interested in the latest advancements in biotechnology, stem cell research, tissue engineering, and biomaterials.

With its distinguished lineup of keynote speakers, interactive workshops, and networking opportunities, BIOStec 2024 is the perfect platform for attendees to learn, connect, and collaborate with experts in the field.

To register for BIOStec 2024 or for more information, please visit the conference website: <https://biostec2024.org>
